## About this segment Middleburg

This is the  
**#1**  
dominant segment  
for this area

In this area  
**55.7%**  
of households fall  
into this segment

In the United States  
**2.8%**  
of households fall  
into this segment

### An overview of who makes up this segment across the United States

#### Who We Are

Middleburg neighborhoods transformed from the easy pace of country living to semi-rural subdivisions in the last decade, when the housing boom reached out. Residents are conservative, family-oriented consumers. Still more country than rock and roll, they are thrifty but willing to carry some debt and are already investing in their futures. They rely on their smartphones and mobile devices to stay in touch and pride themselves on their expertise. They prefer to buy American and travel in the U.S. This market is younger but growing in size and assets.

#### Our Neighborhood

- Semi-rural locales within metropolitan areas.
- Neighborhoods changed rapidly in the previous decade with the addition of new single-family homes.
- Include a number of mobile homes.
- Affordable housing, median value of \$158,000 with a low vacancy rate.
- Young couples, many with children; average household size is 2.73.

#### Socioeconomic Traits

- Education: 66% with a high school diploma or some college.
- Unemployment rate lower at 7.4%.
- Labor force participation typical of a younger population at 66.7%.
- Traditional values are the norm here—faith, country and family.
- Prefer to buy American and for a good price.
- Comfortable with the latest in technology, for convenience (online banking or saving money on landlines) and entertainment.

#### Market Profile

- Residents are partial to trucks, SUVs, and occasionally, convertibles or motorcycles.
- Entertainment is primarily family-oriented, TV and movie rentals or theme parks and family restaurants.
- Spending priorities also focus on family (children's toys and apparel) or home DIY projects.
- Sports include hunting, target shooting, bowling and baseball.
- TV and magazines provide entertainment and information.
- Media preferences include country and Christian channels.

The demographic segmentation shown here can help you understand the lifestyles and life stages of consumers in a market. Data provider Esri classifies U.S. residential neighborhoods into 67 unique market segments based on socioeconomic and demographic characteristics. Data Source: Esri 2014. Update Frequency: Annually.

In the United States

## 2.2%

of households fall into this segment

## An overview of who makes up this segment across the United States

### Who We Are

Up and Coming Families is a market in transition—residents are younger and more mobile and ethnically diverse than the previous generation. They are ambitious, working hard to get ahead, and willing to take some risks to achieve their goals. The recession has impacted their financial well-being, but they are optimistic. Their homes are new; their families are young. And this is one of the fastest-growing markets in the country.

### Our Neighborhood

- New suburban periphery: new families in new housing subdivisions.
- Building began in the housing boom of the 2000s and continues in this fast-growing market.
- Single-family homes with a median value of \$174,000 and a lower vacancy rate.
- The price of affordable housing: longer commute times.

### Socioeconomic Traits

- Education: 66% have some college education or degree(s).
- Hard-working labor force with a participation rate of 71% and low unemployment at 7%.
- Most households (63%) have two or more workers.
- Careful shoppers, aware of prices, willing to shop around for the best deals and open to influence by others' opinions.
- Seek the latest and best in technology.
- Young families still feathering the nest and establishing their style.

### Market Profile

- Rely on the Internet for entertainment, information, shopping and banking.
- Prefer imported SUVs or compact cars, late models.
- Carry debt from credit card balances to student loans and mortgages, but also maintain retirement plans and make charitable contributions.
- Busy with work and family; use home and landscaping services to save time.
- Find leisure in family activities, movies at home, trips to theme parks or the zoo, and sports, from backpacking and baseball to weight lifting and yoga.

## About this segment

# Bright Young Professionals

This is the  
**#3**  
dominant segment  
for this area

In this area  
**9.5%**  
of households fall  
into this segment

In the United States  
**2.2%**  
of households fall  
into this segment

## An overview of who makes up this segment across the United States

### Who We Are

Bright Young Professionals is a large market, primarily located in urban outskirts of large metropolitan areas. These communities are home to young, educated, working professionals. One out of three householders is under the age of 35. Slightly more diverse couples dominate this market, with more renters than homeowners. More than two-fifths of the households live in single-family homes; over a third live in 5+ unit buildings. Labor force participation is high, generally white-collar work, with a mix of food service and part-time jobs (among the college students). Median household income, median home value and average rent are close to the U.S. averages. Residents of this segment are physically active and up on the latest technology.

### Our Neighborhood

- Approximately 56% of the households rent; 44% own their homes.
- Household type is primarily couples, married (or unmarried), with above average concentrations of both single-parent and single-person households.
- Multi-unit buildings or row housing make up 55% of the housing stock (row housing, buildings with 5-19 units); 44% built 1980-99.
- Average rent is slightly higher than the U.S. average.
- Lower vacancy rate is at 8.9%.

### Socioeconomic Traits

- Education completed: 36% with some college or an associate's degree, 30% with a bachelor's degree or higher. Education in progress is 10%.
- Unemployment rate is lower at 7.1%, and labor force participation rate of 73% is higher than the U.S. rate.
- These consumers are up on the latest technology.
- They get most of their information from the Internet.
- Concern about the environment impacts their purchasing decisions.

### Market Profile

- Own U.S. savings bonds.
- Own newer computers (desktop, laptop or both), iPods and 2+ TVs.
- Go online to do banking, access YouTube or Facebook, visit blogs, and play games.
- Use cell phones to text, redeem mobile coupons, listen to music, and check for news and financial information.
- Find leisure going to bars/clubs, attending concerts, going to the zoo, and renting DVDs from Redbox or Netflix.
- Read sports magazines and participate in a variety of sports, including backpacking, basketball, football, bowling, Pilates, weight lifting and yoga.
- Eat out often at fast-food and family restaurants.

## About this segment Green Acres

This is the  
**#4**  
dominant segment  
for this area

In this area  
**5.2%**  
of households fall  
into this segment

In the United States  
**3.2%**  
of households fall  
into this segment

### An overview of who makes up this segment across the United States

#### Who We Are

The Green Acres lifestyle features country living and self-reliance. They are avid do-it-yourselfers, maintaining and remodeling their homes, with all the necessary power tools to accomplish the jobs. Gardening, especially growing vegetables, is also a priority, again with the right tools, tillers, tractors and riding mowers. Outdoor living also features a variety of sports: hunting and fishing, motorcycling, hiking and camping, and even golf. Self-described conservatives, residents of Green Acres remain pessimistic about the near future yet are heavily invested in it.

#### Our Neighborhood

- Rural enclaves in metropolitan areas, primarily (not exclusively) older homes with acreage; new housing growth in the past 10 years.
- Single-family, owner-occupied housing, with a median value of \$197,000.
- An older market, primarily married couples, most with no children.

#### Socioeconomic Traits

- Education: 60% are college educated.
- Unemployment is low at 6%; labor force participation rate is high at 67.4%.
- Income is derived not only from wages and salaries but also from self-employment (more than 15% of households), investments (30% of households), and increasingly, from retirement.
- They are cautious consumers with a focus on quality and durability.
- Comfortable with technology, more as a tool than a trend: banking or paying bills online is convenient; but the Internet is not viewed as entertainment.
- Economic outlook is professed as pessimistic, but consumers are comfortable with debt, primarily as home and auto loans, and investments.

#### Market Profile

- Purchasing choices reflect Green Acres' residents country life, including a variety of vehicles from trucks and SUVs to ATVs and motorcycles, preferably late model.
- Homeowners favor DIY home improvement projects and gardening.
- Media of choice are provided by satellite service, radio and television, also with an emphasis on country and home and garden.
- Green Acres residents pursue physical fitness vigorously, from working out on home exercise equipment to playing a variety of sports.
- Residents are active in their communities and a variety of social organizations, from fraternal orders to veterans' clubs.

## About this segment

# Home Improvement

This is the  
**#5**  
dominant segment  
for this area

In this area  
**0.5%**  
of households fall  
into this segment

In the United States  
**1.7%**  
of households fall  
into this segment

## An overview of who makes up this segment across the United States

### Who We Are

Married-couple families occupy well over half of these suburban households. Most Home Improvement residences are single-family homes that are owner occupied, with only one-fifth of the households occupied by renters. Education and diversity levels are similar to the U.S. as a whole. These families spend a lot of time on the go and therefore tend to eat out regularly. When at home, weekends are consumed with home improvement and remodeling projects.

### Our Neighborhood

- These are low-density suburban neighborhoods.
- Eight of every 10 homes are traditional single-family dwellings, owner occupied.
- Majority of the homes were built between 1970 and 2000.
- More than half of the households consist of married-couple families; another 12% include single-parent families.

### Socioeconomic Traits

- Higher participation in the labor force and lower unemployment than US levels; most households have 2+ workers.
- Cautious consumers that do their research before buying, they protect their investments.
- Typically spend 4-7 hours per week commuting, and, therefore, spend significant amounts on car maintenance (performed at a department store or auto repair chain store).
- They are paying off student loans and second mortgages on homes.
- They spend heavily on eating out, at both fast-food and family restaurants.
- They like to work from home, when possible.

### Market Profile

- Enjoy working on home improvement projects and watching DIY networks.
- Make frequent trips to warehouse/club and home improvement stores in their minivan or SUV.
- Own a giant screen TV with fiber-optic connection and premium cable; rent DVDs from Redbox or Netflix.
- Very comfortable with new technology; embrace the convenience of completing tasks on a mobile device.
- Enjoy dining at Chili's, Chick-fil-A and Panera Bread.
- Frequently buy children's clothes and toys.

Update Frequency: Monthly

Best Businesses

This chart shows the types of businesses that consumers are leaving an area to find. The business types represented by blue bars are relatively scarce in the area, so consumers go elsewhere to have their needs met. The orange business types are relatively plentiful in the area, meaning there are existing competitors for the dollars that consumers spend in these categories.

Data Source: Retail Marketplace via Esri, 2014

Update Frequency: Annually
