About this segment

Old and Newcomers

This is the
#1
dominant segment
for this area

In this area
36.3%
of households fall
into this segment

In the United States
2.3%
of households fall
into this segment

An overview of who makes up this segment across the United States

Who We Are

The Old and Newcomers market features singles' lifestyles, on a budget. The focus is more on convenience than consumerism, economy over acquisition. Old and Newcomers is composed of neighborhoods in transition, populated by renters who are just beginning their careers or retiring. Some are still in college; some are taking adult education classes. They support environmental causes and Starbucks. Age is not always obvious from their choices.

Our Neighborhood

- Metropolitan city dwellers.
- Predominantly single households, with a mix of married couples (no children); average household size lower at 2.11.
- 54% renter occupied; average rent, \$800.
- 45% of housing units are single-family dwellings; 44% are multi-unit buildings in older neighborhoods, built before 1980.
- Average vacancy rate at 11%.

Socioeconomic Traits

- Unemployment is lower at 7.8%, with an average labor force participation rate of 62.6%, despite the increasing number of retired workers.
- 30% of households are currently receiving Social Security.
- 28% have a college degree, 33% have some college education, 10% are still enrolled in college.
- Consumers are price aware and coupon clippers, but open to impulse buys.
- They are attentive to environmental concerns.
- They are more comfortable with the latest technology than buying a car.

Market Profile

- Residents are strong supporters of environmental organizations.
- They prefer cell phones to landlines.
- Entertainment features the Internet (dating sites and games), movies at home, country music and newspapers.
- Vehicles are basically just a means of transportation.
- Food features convenience, frozen and fast food.
- They do banking as likely in person as online.

The demographic segmentation shown here can help you understand the lifestyles and life stages of consumers in a market. Data provider Esri classifies U.S. residential neighborhoods into 67 unique market segments based on socioeconomic and demographic characteristics. Data Source: Esri 2014. Update Frequency: Annually.

About this segment Middleburg

This is the
#2
dominant segment
for this area

In this area
31.3%
of households fall
into this segment

In the United States
2.8%
of households fall
into this segment

An overview of who makes up this segment across the United States

Who We Are

Middleburg neighborhoods transformed from the easy pace of country living to semi-rural subdivisions in the last decade, when the housing boom reached out. Residents are conservative, family-oriented consumers. Still more country than rock and roll, they are thrifty but willing to carry some debt and are already investing in their futures. They rely on their smartphones and mobile devices to stay in touch and pride themselves on their expertise. They prefer to buy American and travel in the U.S. This market is younger but growing in size and assets.

Our Neighborhood

- Semi-rural locales within metropolitan areas.
- Neighborhoods changed rapidly in the previous decade with the addition of new single-family homes.
- Include a number of mobile homes.
- Affordable housing, median value of \$158,000 with a low vacancy rate.
- Young couples, many with children; average household size is 2.73.

Socioeconomic Traits

- Education: 66% with a high school diploma or some college.
- Unemployment rate lower at 7.4%.
- Labor force participation typical of a younger population at 66.7%.
- Traditional values are the norm here—faith, country and family.
- Prefer to buy American and for a good price.
- Comfortable with the latest in technology, for convenience (online banking or saving money on landlines) and entertainment.

Market Profile

- Residents are partial to trucks, SUVs, and occasionally, convertibles or motorcycles.
- Entertainment is primarily family-oriented, TV and movie rentals or theme parks and family restaurants.
- Spending priorities also focus on family (children's toys and apparel) or home DIY projects.
- Sports include hunting, target shooting, bowling and baseball.
- TV and magazines provide entertainment and information.
- Media preferences include country and Christian channels.

The demographic segmentation shown here can help you understand the lifestyles and life stages of consumers in a market. About this segment Green Acres

This is the
#3
dominant segment
for this area

In this area
17.6%
of households fall
into this segment

In the United States
3.2%
of households fall
into this segment

An overview of who makes up this segment across the United States

Who We Are

The Green Acres lifestyle features country living and self-reliance. They are avid do-it-yourselfers, maintaining and remodeling their homes, with all the necessary power tools to accomplish the jobs. Gardening, especially growing vegetables, is also a priority, again with the right tools, tillers, tractors and riding mowers. Outdoor living also features a variety of sports: hunting and fishing, motorcycling, hiking and camping, and even golf. Self-described conservatives, residents of Green Acres remain pessimistic about the near future yet are heavily invested in it.

Our Neighborhood

- Rural enclaves in metropolitan areas, primarily (not exclusively) older homes with acreage; new housing growth in the past 10 years.
- Single-family, owner-occupied housing, with a median value of \$197,000.
- An older market, primarily married couples, most with no children.

Socioeconomic Traits

- Education: 60% are college educated.
- Unemployment is low at 6%; labor force participation rate is high at 67.4%.
- Income is derived not only from wages and salaries but also from self-employment (more than 15% of households), investments (30% of households), and increasingly, from retirement.
- They are cautious consumers with a focus on quality and durability.
- Comfortable with technology, more as a tool than a trend: banking or paying bills online is convenient; but the Internet is not viewed as entertainment.
- Economic outlook is professed as pessimistic, but consumers are comfortable with debt, primarily as home and auto loans, and investments.

Market Profile

- Purchasing choices reflect Green Acres' residents country life, including a variety of vehicles from trucks and SUVs to ATVs and motorcycles, preferably late model.
- Homeowners favor DIY home improvement projects and gardening.
- Media of choice are provided by satellite service, radio and television, also with an emphasis on country and home and garden.
- Green Acres residents pursue physical fitness vigorously, from working out on home exercise equipment to playing a variety of sports.
- Residents are active in their communities and a variety of social organizations, from fraternal orders to veterans' clubs.

About this segment

Traditional Living

This is the
#4
dominant segment
for this area

In this area
8.6%
of households fall
into this segment

In the United States
2.0%
of households fall
into this segment

An overview of who makes up this segment across the United States

Who We Are

Residents in the Traditional Living segment reside primarily in low-density, settled neighborhoods in the Midwest. The households are a mix of married-couple families and singles. Many families encompass two generations who have lived and worked in the community; their children are likely to follow suit. The manufacturing, retail trade and health-care sectors are the primary sources of employment for these residents. This is a younger market--beginning householders who are juggling the responsibilities of living on their own or a new marriage, while retaining their youthful interests in style and fun.

Our Neighborhood

- Married couples are the dominant household type, but fewer than expected from the younger age profile and fewer with children; however, there are higher proportions of single-parent and single-person households.
- Average household size is slightly lower at 2.50.
- Homes are primarily single family or duplexes in older neighborhoods, built before 1940.
- Most neighborhoods are located in lower-density urban clusters of metro areas throughout the Midwest and South.
- Average commuting time to work is slightly shorter.
- Households have one or two vehicles.

Socioeconomic Traits

- Over 70% have completed high school or some college.
- Unemployment is higher at 10.9%; labor force participation is also a bit higher at 64.6%.
- Over three quarters of households derive income from wages and salaries, augmented by Supplemental Security Income and public assistance.
- Cost-conscious consumers that are comfortable with brand loyalty, unless the price is too high.
- Connected and comfortable with the Internet, they are more likely to participate in online gaming or to access dating websites.
- TV is seen as the most trusted media.

Market Profile

- They shop for groceries at discount stores such as Walmart supercenters; Kmart is also a favorite for apparel and sundry household and personal care products.
- Convenience stores are commonly used for fuel or picking up incidentals like lottery tickets.
- They tend to carry credit card balances, have student loans and pay bills in person.
- Half of households have abandoned landlines for cell phones only.
- They watch their favorite channels including QVC, CMT and Game Show Network.
- They're fast-food devotees.
- They enjoy outdoor activities such as camping and taking trips to the zoo.

About this segment

Southern Satellites

This is the
#5
dominant segment
for this area

In this area
3.4%
of households fall
into this segment

In the United States
3.2%
of households fall
into this segment

An overview of who makes up this segment across the United States

Who We Are

Southern Satellites is the second largest market found in rural settlements, typically within metropolitan areas located primarily in the South. This market is generally non-diverse, slightly older, settled married-couple families, who own their homes. Almost two-thirds of the homes are single-family structures; a third are mobile homes. Median household income and home value are below average. Workers are employed in a variety of industries, such as manufacturing, health care, retail trade and construction, with higher proportions in mining and agriculture than the U.S. Residents enjoy country living, preferring outdoor activities and DIY home projects.

Our Neighborhood

- About 79% of households are owned.
- Married couples with no children are the dominant household type, with a number of multi-generational households.
- Most are single-family homes (65%), with a number of mobile homes.
- Most housing units were built in 1970 or later.
- Most households own 1 or 2 vehicles, but owning 3+ vehicles is common

Socioeconomic Traits

- Education: almost 40% have a high school diploma only; 41% have college education.
- Unemployment rate is 9.2%, slightly higher than the U.S. rate.
- Labor force participation rate is 59.7%, slightly lower than the U.S.
- These consumers are more concerned about cost rather than quality or brand loyalty.
- They tend to be somewhat late in adapting to technology.
- They obtain a disproportionate amount of their information from TV, compared to other media.

Market Profile

- Usually own a truck; likely to service it themselves.
- Frequent the convenience store, usually to fill up a vehicle with gas.
- Typical household has a satellite dish.
- Work on home improvement and remodeling projects.
- Own a pet, commonly a dog.
- Participate in fishing and hunting.
- Prefer to listen to country music and watch Country Music Television (CMT).
- Read fishing/hunting and home service magazines.
- Partial to eating at low-cost family restaurants and drive-ins.
- Use Walmart for all their shopping needs (groceries, clothing, pharmacy, etc.).
